

2018 NRG Conference - Las Vegas SHIP MODEL DISPLAY FORM

Please bring your models to the annual conference! At this conference each model brought for display will have a custom name card issued by the NRG. The name card will give the viewer pertinent information about the model and modeler. The modeler may keep the name card. Please supply the following information to aid us in producing your name card(s).

We also need to know how much space your model(s) will need. Please mail in this form along with your Conference registration. If you are calling the office to register, you must still mail or email this information to Mary to assure accuracy of the description information.
